BRIGHTENING PROSPECTS.

Schouvaloff's Successful Mission--The British Troops destined for Malta, not Egypt---The Improvement of the Turkish Army---Austro-Hungarian Preparations---Bosnia not to be Occupied.

LONDON, May 8.—A special from Posth to the *Standard* states that the Vienna Cabinet will inform the parties by a circular despatch what measures have become indispensable in Transylvania and Dalmatia, and will lay stress on the statement that Austro-Hungary is acting exclusively in agreement with the will of the powers.

At the Stock Exchange yesterday, the business in foreign securities was very much restricted. They opened firm, but the quotations were more or less nominal, and in the afternoon were rather dull. There were several speculative sales of the Russian securities, accompanied by rumors of further movements of the British troops. Continental markets, except in Paris, did nothing to support the quotations. In Paris an optional tone rather predominates, but selling on Berlin account continues persistently.

The good impression which was created by the *News*, of the journey of Count Schouvaloff, the Russian ambassador here to St. Petersburg, is strengthened by the fact that he had long interviews with Lord Salisbury, the foreign secretary, and Lord Beaconsfield, the premier, before his departure. It is believed that he takes the British reply to certain inquiries and proposals determined upon at St. Petersburg ten days ago, having in view both the withdrawal of the Russians and British from Constantinople and the facilitating of the assembling of the Congress.

Count Schouvaloff will arrive in St. Petersburg on Saturday or Sunday, and is expected back here in two weeks from to day; so nothing decisive will be known until next week. High hopes are entertained in the best diplomatic quarters as to the results of his mission.

The Egyptian securities were strengthened by the reports of the intended British occupation. These prove to be utterly groundless.

Sir Stafford Northcote, Chancellor of the Exchequer, in the House of Commons last evening, reiterated the previous official announcement that the Indian contingent was ordered to Malta. The reports above probably originated from the fact that transport steamers were ordered to take coal and water at Port Said.

The good impression in regard to the political situation continues good.

Prince Lobonoff will leave St. Petersburg to-day to assume the post of the Russian ambassador at Constantinople.

The British and German iron-clads have arrived at Port Said from Malta.

The rumors lately current in Constantinople about the Russian concentration at Pyrgos, threatening the upper Bosphorus, are untrue.

The news of the Russian advance on Batoum, by way of Choruk Valley, is unimportant, because that road is impracticable for artillery.

The Porte's answer about the evacuation of the fortresses, has been sent to St. Petersburg So important a change of the situation is unlikely until the Russian rejoinder has been returned.

A Russian *coup de main* is no longer dreaded or believed possible, in view of the condition and members of the Turkish army. According to the Turkish view, the Russians ought to withdraw beyond Adrianople, so as to occupy the line fixed as the Eastern limit of Bulgaria. The Turks, however, propose to surrender the places, one after the other, so as to allow the Muscovites time to perform their part of the engagement. Should this method be followed, Shumla will probably be first, Varna second, and Batoum last surrendered.

The Turkish commissioners at Philippopolis report the Rhodope insurrection unchecked.

The correspondent at Constantinople of the *Daily News*, who represents the Russian idea, reiterates the statement that the insurrection was never serious, and will terminate without coercion, as the Insurgents are convinced that they are not included in New Bulgaria.

Bills will be presented in the Austrian and Hungarian legislatures on Thursday, asking authority for the respective ministers of finance to arrange the form in which the money voted by the delegations shall be raised. As to the motives for the step, the explanation is likely to be general, merely aiming to show that the government should be enabled to take those precautionary military measures, both on the Eastern and Southern frontiers, which, in the opinion of the ministers, cannot well be much longer delayed. These precautionary measures are likely to consist of the concentrations in Transylvania, Croatia and Dalmatia, covering the three frontiers exposed to Russia or her allies. The proposed measures will not be on a very important scale. In Transylvania, quarters for fifteen thousand men have been ordered. The forces on the Servian and Montenegrin frontiers will be smaller.

The idea of occupying Bosnia has quite retired into the back ground.

Count Zichy, the Austro-Hungarian ambassador at Constantinople, has returned to that city, where pour parlors about the repatriation of the refugees will be continued.

The proposed annexation of the Island of Adah Kaleh, in the Danube, to Servia, is opposed by Turkey and Austria. The Porte will probably cede it to Austria.

ADEN, May 8.—A number of the British transports, conveying the Indian contingent, passed here to-day.

BERLIN, May 8.—Bismarck suffered from a return of neuralgic affection. The time of his return to this city is uncertain.

CONSTANTINOPLE, May 8.—The greater part of the Russian provisions and ammunition has been removed from San Stefano to Chatalja. The commissariat contracts, signed to-day, make Adrianople the point of delivery hereafter.

Pennsylvania Nationals in Convention.

PHILADELPHIA, May 8.—The National State Convention was called to order this morning at half past 10 o'clock, by State Chairman Dewvese. All the counties in the State, with the exception of about five, had full delegations present. Both of the Philadelphia delegations are present in full. Both of them marched in a body, wearing badges. In order to be prepared for any disturbance that may occur, there is a large reserve force of policemen stationed at the door at Concert Hall, where the convention is in session It is estimated that the number of delegates present is about 230. Chairman Deweese, in his address to the convention, reviewed the condition of the party, stating that from 5,000 votes in 1876 it had increased to nearly 55,000 votes in 1877, and that with its thorough organization, there was no reason why entire success should not be achieved by the party in the next campaign. There is present, in convention, a delegation of ladies, representing the citizens' Suffrages Association, who will endeavor to have a womens rights plank inserted in the platform. David Kirk was elected temporary chairman. Kirk is the recognized Armstrong candidate for Mayor. Powderly, the recognized Wright candidate, received only 84 votes. Mr. Kirk, in addressing the convention, said he would do his duty by the convention, with partiality toward none, and he trusted that the action of the convention would be that of good order. He denounced the National Banking system, and claimed that the nation should honor its own paper. He was loudly applauded throughout his remarks.

Forty-Fifth Congress.

WASHINGTON, May, 8.—In the Senate, Hoar, of Massachusetts, introduced a bill to provide for ocean mail steamship service between the United States and Portugal: referred to the committee on post-offices and post-roads.

HOUSE.—The House considered the bill regulating inter-State Commerce, but without action. Resumed the tariff in the committee of the whole, with indications that the enacting clause will be stricken out.

Mr. Tucker made a two hours' speech on the Tariff, which attracted great attention. He was followed by Representative Robbins, of North Carolina. Referring to the public debt, Mr. Robbins said that he was of the opinion that payments into the sinking fund should be suspended for some years. He was not a repudiationist. The national debt must be paid in the manner it was contracted to be paid, and in the same medium—though he gave his support to the bill, he did not think it was what it should be. He also presented a forcible argument on behalf of the Internal Revenue, and a reduction of the tax on tobacco. He paid a glowing tribute to North Carolina, said she had long been ground down by unequal federal legislation; she now asked for justice, and to be protected from the protectionists, and the oppressions of the Internal tax gatherer. At the close of the speech he was warmly congratulated.

The House is in session to-night.

Fenians Preparing to Invade Canada.

SYRACUSE, N. Y., May 7.—Col. Mulligan, the Fenian leader, is here for the purpose of organizing and equipping a Fenian force in this city to assist in making a raid on Canada in the event of a war between England and Russia. Col. Mulligan declares that in the event of a raid upon Canada, fully 100,000 men, well drilled and armed with Remington rifles, could be relied upon to march on Canada in thirty hours notice. He reports that in Buffalo, 2,000 men are armed and equipped, and ready for immediate action. In Cleveland, there are 1,500 enrolled and armed and now on duty awaiting orders. In St. Louis and Chicago, large forces of men are armed and drilling night and day, awaiting the signal for marching. The Fenians of Syracuse number over 250 men, all of whom are armed with breech loaders. In a few days, however, they will receive direct from Cleveland, a full stand of Remington rifles. The organization has already been quietly drilling. It is proposed to open a recruiting office at once. The society claims to have plenty of funds, and have advices from St. Louis and other western cities, which state that they can have all the money they want. A prominent citizen of Cleveland has contributed $25,000 toward the purchase of arms. Colonel Mulligan left for Oswego last night. He proposes to visit every large city, to ascertain how many men can be relied on, and how many Remington rifles are needed.

Miscellaneous Telegrams.

NEW YORK, May 8.—The committee consisting of members of the Western Union and Atlantic and Pacific Telegraph Companies, held a meeting to-day and decided on electing a board of officers for the Atlantic and Pacific Telegraph Company, at to-morrow's meeting, which shall include eight members of the Western Union Company.

SAN FRANCISCO, May 8.—The will of M. S. O'Brien shows the value of his estate to be $6,000,000. He gives to the Catholic Orphan Asylum, San Rafael, and Catholic and Protestant Orphan Asylum in this city, $50,000, $30,000 and $20,000, respectively.

CINCINNATI, May 8.—G. Hanshaw & Sons' chair factory was burned last night. Loss estimated at one hundred and fifty thousand dollars. Insurance $35,000.

The Indianapolis Election.

INDIANAPOLIS, May 8.—The election yesterday resulted in a Republican majority of three on joint ballot. Last year the Republicans had twenty majority. The Independents and nationals showed considerable strength throughout the State.

The Turf.

LONDON, May 8.—The Newmarket first spring meeting opened yesterday. The principal race of the meeting, run for the 2,000 guineas stakes, took place today, and was won by Mr. Gerard's chestnut filly, Pilgrimage: Count F. Delagrange's black colt Insular second, and Mr. W. S. Crawford's bay colt Sefton, the winner of the city and suburban handicap at Epson Spring meeting, the 3rd.

Municipal Election in Stonewall.

Correspondence of the News.

STONEWALL, May 7th, 1878.

Our town held its municipal election yesterday, which passed off quietly and to the success of the Democratic element without a dissenting voice, there not being a single Republican ticket cast. If there is another such a town in politics in this State, we would like to hear where it is so we could send letters greeting. The election resulted in keeping the old Mayor and Commissioners for another year, they having governed to the entire satisfaction of the corporation.

John Morrissey died a poor man, and left less behind him than he had ofter won in a single day.

The Baptists--Their Origin.

In no spirit of controversy, but simply as a fact, I may state that, while the Baptists are not careful to maintain the doctrine of ministerial or ecclesiastical succession, they do hold as important the succession of principles, and they honestly believe that Christ and his Apostles held the opinions which now distinguish them, and that from the day when christianity was first introduced into the world till the present time, there always has existed a people who have held their distinctive tenets. They do not contend for a name, or that these people were always called Baptists, but they believe they would be so called now.

Up to 1522, they were called Anabaptists in Germany, and this also was the name their enemies gave them in England. William Lawtre, the first man who suffered at the stake in England in 1401, and Edward Wightman, who, two hundred years afterwards, was the last victim who endured this terrible death for conscience sake, were both Baptists, according to Dr. J. N. Brown's Religious Encyclopedia—p. 189.

ORIGIN OF AMERICAN BAPTISTS.

Many suppose that Roger Williams was the founder of the Baptists in America, but this is now generally conceded to be a mistake. This great and good man was a Baptist and perhaps organized a church, but this church soon became extinct. The first Baptist minister of whom we read in America, was Hansard Knollys, who preached in Dover, New Hampshire, from 1635 to 1639, when he returned to England. He founded the "Hansard Knollys' Professorship" in Harvard University. It thus appears that one of the first and largest benefactors of our oldest seat of learning was a Baptist preacher, though the Baptists have received small favors from this college, which has long been the New England centre of Unitarianism.

FIRST BAPTISTS IN NORTH CAROLINA.

There were a few Baptists in this State as early as 1695, but no church till the Rev. Paul Palmer, a Welsh Baptist, from Maryland, organized Shiloh church in Camden county, in 1727, a church which still maintains a vigorous existence.

In 1742, Rev. William Sojourner came with a colony from Berkely county, Va., and settled on Kehukee Creek, in Halifax county. In 1752 this colony had multiplied into sixteen Baptist churches. But the most prosperous colony of Baptists came a year or two later, from the same county in Virginia, led by the Rev. Shubal Stearns, and settled on Sandy Creek, then in Guilford, now in Randolph. These different Baptist families were from English and Welsh Baptists, so that whatever may be true of other places, the Baptists of North Carolina did not descend from Roger Williams

The Baptists seem to have grown slowly at first, for in 1784 there were but 42 churches, 47 ministers and 3,776 members in North Carolina. In 1812 there were 204 churches, 117 ministers and 12,567 communicants. In 1832 there were 332 churches, 211 ministers and 18,918 communicants. In 1851 there were 599 churches, 374 ministers and 41,674 members. In 1860 there were 692 churches, 374 ministers and 59,778 members. In 1876 there were 1,442 churches, 793 ministers and 137,000 members. The Baptist year book for 1878 gives the statistics of North Carolina for 1877, at 1,725 churches, 841 ministers and 158,775 members.

These statistics comprehend all the Missionary Baptists of the State, white and colored; of the latter class, there are probably 40,000. From these statistics it will be seen that the increase for 1877, was 42 ministers, 284 churches and 21,775 members.

The Methodists are next to the Baptists and near them in point of members, though I don't know their number; the Presbyterians are third, numbering about 16,000; the Lutherans are fourth in strength, having some 5,000 communicants, and the Episcopalians are next in order, having about 4,500 communicants, while the Christians, as they are called, have about 4,000 members in the State. I have no *data* as regards the members of the old school Baptists, Disciples, Moravians and others.

BAPTISTS IN THE UNITED STATES.

The year book puts down the whole strength of the Baptists of the United States at 1,048 Associations; 23,908 churches; 14,596 ministers and 2,024,224 communicants, being an increase on the previous year of 43 Associations; 984 churches, 817 ministers and 91,839 members.

The aggregate of all the different kinds of Baptists in the United States amounts to 2,577,560 members.

STRENGTH OF THE BAPTISTS IN THE SOUTH.

More than half of all the Baptists of this country are in the Southern States, and constituents of the Southern Baptist Convention. The total membership in the South is 1,311,477. Georgia is the strongest Baptist State in the Union, numbering 205,306 members. Virginia is next, having 184,026, and North Carolina is third in point of numbers. Kentucky is fourth, with 156,036, and then comes New York, which is put down at 112,050 members.

POLITY OF BAPTIST CHURCHES.

There are three principal forms of church government in the world: First, the prelatical, where the governing power resides in the prelates or bishops, as in the Romish, Greek, English and some others. Second, the Presbyterian, where this power resides in presbyteries and synods, as in the Kirk of Scotland, the Lutheran and the various Presbyterian churches, and third, the Independent or Congregational, where the governing power resides in the members of each individual church. The Baptists and Congregationalists practice this third form of church government, though the Baptists differ from the Congregationalists in prohibiting any one not a member of the church from taking part in managing its affairs. Every Baptist church is a little republic in itself, in which the government is administered by the body of the members, where no one possesses a pre-eminence, but each enjoys an equality of rights. This independence of the churches does not prevent them from being united. Contiguous churches form themselves into associations; these associations form State conventions, while to bring all together there is a General Convention, embracing in its constituency all the churches of the South. This General Convention, however, unlike an Episcopal Convention, a Methodist Conference, or a General Assembly of the Presbyterian church, has no power to make laws—it is not a legislative body—it simply meets to confer as to the best means of promoting the cause of Missions, Ministerial Education, Sunday Schools, &c. It appoints Boards to manage the affairs of these great interests for the churches and to report to the churches at its annual sessions.

The basis of representation in the convention is not that of numbers, but money contributed to the various objects of the body. One hundred dollars given during the year to home or foreign missions, &c., entitles a State Convention, or District Convention, or a church, to a delegate, but the delegate must be a member of a Baptist church. If it be objected that such a form of church goverment is too weak and cannot promote unity of faith and hearty co-operation, it needs only to be replied that the Baptists are not a whit behind any other denomination in prosecuting the great enterprise of our holy religion—they have taken the lead in home and foreign missions, the Sunday School work, &c. And strange as it may seem, they have never felt the need of a strong church government, or of authorized standards and confessions of faith to preserve their unity and secure them from divisions and heresies, for there does not now, nor ever did exist, a body of christians which has for a longer period held the same doctrines as the Baptists. It is an extraordinary fact that the confessions of faith put forth by the Baptists in the time of Henry VIII, who began to reign in 1509, and in later times of Cromwell and Charles II, are almost identical with those now entertained by Baptist churches.

LETTER FROM PAMLICO.

The People for Vance---Cheering Political Outlook.

(Correspondence of the News.)

PAMLICO, Pamlico Co., N. C., May 6, 1878.

We of this section of the State are glad to see so much interest manifested in the coming Senatorial contest, by the people throughout the entire State. Judge Merrimon is undoubtedly an able man, and is surely the peer of any Senator in Congress. We are proud of his record since he has been a member of the Senate. We admire his talents, but we are grieved and sorry that he pursued the course he did to obtain the office, and we do not for a moment think that the members of the coming Legislature will overlook it. *Zebulon B. Vance* is the choice of four-fifths of the Democracy of North Carolina, for Senator. He is just as able, just as talented as Judge Merrimon, and will represent the "Good old State" with as much ability as Merrimon. And in this county, if such a thing was possible as deciding it by the popular vote, Vance would carry the county unanimously.

Political matters are cheerful, and we have no doubts about sweeping the county in the August elections with an increased majority. Wm. Cahoe, Esq., is spoken of as one of the Senators from this district, and will probably be nominated and elected. There are numerous aspirants for the lower House, and local politicians are as busy as you please, discussing the merits and demerits of the favorites.

Dr. D. H. Abbott & Co.'s saw and grist mill was totally destroyed by fire (last night) Sunday night. It was the work of an incendiary. The mill is situated at "Vandemers," six miles from this place. I understand that there was no insurance, and the doctor's loss is estimated at about $10,000.

We have had beautiful weather in this section, and the farmers are about through planting.

Vera Sassulitch, the Russian Charlotte Corday, mysteriously disappeared after the close of her trial, and it was naturally conjectured that she had been rearrested by the police and would end her days in some dismal prison. A letter has appeared over her signature in a Russian paper in which she states that she has hidden herself until the storm shall have passed. After describing the attempt of the police to arrest her in the carriage after the acquittal—an attempt which was frustrated by the crowd—she says she was followed to the house by the police, who had obtained her address, and searched every corner without success. She was prepared, she says, to undergo without a murmur, the verdict of the tribunal, but she could not resign herself to again enduring the endless prosecutions instituted by the Government. She has, therefore, been compelled to conceal herself until the day when she will no longer incur the risk of being once more arrested.

THE LUTHERANS.

Meeting of the Synod of North Carolina--The Business of the Synod--An Immense Congregation on the Sabbath.

(Correspondence of the News.)

COMPANY SHOPS, May 6, 1878.

The Lutheran Synod of North Carolina, met at Freelands' Church, near Gibsonville, in Guilford county, on Wednesday, May 1st, inst. This Synod embraces the whole of the State, and has twenty-four ordained ministers, nearly all of whom were in attendance. There were about twenty-five Lay Delegates present. The Rev. G. D. Bernheim, D. D., of Wilmington, is President of the Synod, and the Rev. L. A. Bickle, D. D., of Concord, is Secretary. Outside of the regular business of the Synod, there was but little of special importance before the body. The weather was fine, and, in fact, every thing seemed propitious for a pleasant and profitable session. There was a gentle, copious rain fall on Saturday night, after which, the air was pure and bracing, and on the Sabbath there was an immense congregation of people from almost all sections of Guilford and Alamance, and other counties. There were not less than twenty-five hundred souls present. At 11 o'clock, a. m., the Rev. J. B. Davis, D. D., one of the State lecturers for the Grange, preached an able sermon in the new church; the Rev Prof. S. Rahn, of the North Carolina College, in the same church at 3:30 p. m. The Rev. W. R. Petra, of Mt. Pleasant, preached in the old church at 11 a. m.; the Rev. Wm. A. Lutz, of Winston, in the same church at 3:30 p m. The Rev. Mr. Ketcher preached in the grove at 11 o'clock, a. m. Your correspondent reached the grounds at a late hour, and was, consequently, unable to get in hearing distance of any of the sermons. Those who heard them pronounced them good. The session will probably close to-day or to-morrow, as the regular business of the body is about completed. Two ministers were ordained on the Sabbath.

DEMOCRATIC CONVENTION IN WARREN.

Resolutions Declaring for Governor Vance for United States Senator.

(Correspondence of the News.)

WARRENTON, N. C., May 8, 1878.

The Conservatives of Warren county met in convention yesterday, for the purpose of appointing a county executive committee and delegates to the State Convention.

H. B. Hunter, Esq., was called to the chair, and H. A. Foote, Esq, appointed secretary.

Thirty delegates were appointed to the State Convention, and were left without any instructions.

Dr. S. G. Ward introduced the following resolution, which was seconded by W. A. Montgomery, Esq., and supported by him in a very able and eloquent speech:

WHEREAS, It is only through the medium of resolutions in the primary meetings of the Democracy of Warren county, that our political sentiments can be, or have been, heard in the Legislature of North Carolina since the late war, in consequence of the predominance of the Republican party here, who misrepresent our policy in the Legislature; and whereas, there will soon be a vacancy in our Senatorial representation in Congress. Therefore,

Resolved, That it is the deliberate opinion of this meeting, and we believe the unanimous desire of the Democrats of Warren county, that his Excellency, ZEBULON B. VANCE, the model Governor, statesman and patriot, should be chosen as our next United States Senator, for which office he is pre-eminently qualified by his talents and public services, and so justly entitled to fill, by the twice-expressed will of a large majority of the people of North Carolina.

Resolved, That it is the sense of this meeting that the Democrats throughout the State should demand from their candidates for the Legislature a full committal as to the man they intend voting for for U. S. Senator, in order that the twice-expressed will of a majority of our party may not be again defeated by bolters from our ranks, and collusion with our political enemies.

The resolution was adopted, after some discussion as to the propriety of doing so at the present time, some thinking the action premature.

The Magistrates of the county also held a meeting for the purpose of effecting a permanent organization, when Major B. D. Williams was elected chairman, W. G. Plumer, Esq., secretary, and C. A. Cook, Esq., advising attorney.

Our Superior Court is in session, but nothing has transpired of more than local importance.

Third Congressional District.

To the Editor of the News:

SIR:—As I see you had a letter a few days ago from Wilmington, which would create rather an erroneous impression of our Congressional nomination struggle here, and the Raleigh *Observer* also publishes some correspondence on the same subject, I write a few lines to give your readers some information about the matter. A few weeks ago the county of Bladen, in convention assembled, selected a solid delegation in favor of Major Charles M. Stedman, of our city, for Congress, to succeed Col. A. M. Waddell, our present representative, and it has only been since that time that Stedman's name has been before the people here, and yet such is his popularity that in the ward and township nominating conventions recently held in this county, within ten days after his candidature was published, he has carried six wards and townships out of nine, and has secured almost one-half of the vote of the county, (Waddell only leading him in the aggregate vote a little over 100) and his friends seem very sanguine of his nomination on the first ballot by the District Convention. Considerable dissatisfaction exists here with Waddell, on account of the fact that he has done so little that can be seen for his District, and that several members of his own immediate family have received lucrative government offices, and great stress is laid on the fact that although the "River and Harbor Appropriation Bill" appropriates nearly $8,000,000 in the aggregate, this year the Cape Fear river only gets $85,000, while last year it got nearly double that, although the whole amount then appropriated by Congress was only $4,000,000. His opponents and in fact many of his friends disapprove very highly of the bitterness of his speech here a few nights ago, and think he ought to have given an account of his stewardship showing what he had done for his people in place of trying to be renominated by stirring up the passions of the people, and creating very erroneous impressions on their minds. Another serious cause of objection to him is that while he has strong friends throughout the District, the effect of the Republican speech he made shortly after the close of the war and other such weak points in his record has never been entirely effaced, so that he has never been able to poll the full party vote. In the last election, though it was a Presidential one and great enthusiasm and activity created thereby, his vote fell considerably behind the State ticket in every county, aggregating in the District nearly 500 less than Vance. The majority of Vance over Settle in the District was 2,296, while the majority of Waddell over Canaday was only 1,689. Major Stedman's friends have conducted their campaign in a straightforward, manly way, spurning to have him nominated by slandering his opponent, and relying for his success on his past services to the Democratic party, and also on his high character for integrity, ability and the zeal with which his friends and foes alike know he would look after the interests of every county in his District should he be elected to represent them. As a soldier his record was above reproach, having left college to go into the army at 19, and served continuously through the whole war in all the grades from private up to major, participating in nearly every important battle and wounded often. Since the war his record has been equally good. Commencing the practice of law in 1867, he has by his industry, capacity and extraordinary legal ability attained to by far the largest and most lucrative practice of any lawyer in this city or section; heretofore he has steadily refused to allow his name to be run for any political office, but it is time for the good of the country that such men of high moral character, integrity and ability as Chas. M. Stedman should be forced out of retirement by our good citizens and placed in official position where their talents can be used for the benefit of the city, District and State. In spite of Mr. Waddell's assertion in his speech the other night that the "Raleigh *Observer* was the greatest daily newspaper ever published in the State of North Carolina," I would assure you that your paper has many warm friends in this section.

CAPE FEAR.

Letter from Goldsboro.

(Correspondence of the News.)

GOLDSBORO, N. C., May 8, 1878.

The recent local election in this place has demonstrated the fact that "Independents," so-called, have not a ghost of a chance in Wayne county. The ticket which was so suddenly sprung in the 4th Ward, and manipulated by leading radical politicians, was ignominously defeated on Monday last. The avowed purpose of this ticket was to create dissension in the Democratic ranks, and pave the way for certain ambitious republicans in the August election.

POLITICAL MATTERS

generally are occupying much attention, and the various offices to be filled in August next are being discussed and pulled over the wires with a degree of industry that is somewhat marvelous.

In frequent conversations I have heard much of these political matters, and I give you a brief resume of the most prominent parties spoken of.

SENATE.

For the Senate, Hon. W. T. Dortch is spoken of, if he can be induced to accept. His professional engagements, however, are so numerous and of so much importance, that it is doubtful if he could afford time for the proper performance of the duties of Senator.

Capt. H. F. Grainger is also spoken of as a probable candidate, and the selection is a most capital one.

Hon. I. F. Dortch positively declines a nomination, for the reason that his professional duties are very arduous, and his health will not permit of any great exertion.

HOUSE.

For the House I hear of so many anxious to serve their country and their friends, that my memory fails to recall all of them. I may, however, mention those most prominently spoken of: Ira T. Hatch, from the south end of Neuse river; Dr. G. L. Kirby, our present worthy coroner, and a most estimable and popular gentleman; W. F. Kornegay, of Goldsboro; Luke W. Pearsall, of Mt. Olive; Herman Weil, of the firm of H. Weil & Bros., of this place; A. J. Galloway, Esq., one of the dyed-in-the wool democracy; and lastly, Julius A. Bonitz, Esq, the faithful and laborious editor of the "Messenger," whose services in behalf of the party are deserving of some notice.

I hear of no independent candidate for the office of Sheriff, and the present efficient incumbent, David A. Grantham, will have a walk over.

For the office of Register of Deeds the following are spoken of: Jesse T. Albritton, the present incumbent; Edi. Griswold, Mayor of Goldsboro, and Col. Jno. P. Cobb. Col. Cobb is an ex-Confederate soldier, who fought gallantly in the late war and lost a limb in the service of his country. He is deserving of some notice at the hands of the citizens of Wayne county, and merits the nomination for register.

SOLICITOR.

For Solicitor of this Judicial District I have heard the names of Hugh F. Murray, of Wilson, Capt. Swift Galloway, of Greene, and Jno. D. Stanford, of Duplin. Either of these gentlemen would fill the office with credit to the State and honor to themselves.

CHIEF JUSTICE.

In the matter of Judges of the Supreme Court the people of Wayne are unanimous for W. N. H. Smith for Chief Justice. For Associate Justice Geo. Howard from the East is prominently spoken of, and would receive solid support. From the West Ashe is most prominently alluded to, but any good man will be supported.

SECOND CONGRESSIONAL DISTRICT.

In this matter it will be understood that the Democrats have no lot or part. The district is so overwhelmingly black, that the nominee of the Rads has no difficulty in being elected if he can secure the nomination. This latter is no easy matter, as there are always so many aspirants. Just now they are quite numerous and the number promises to increase. Notable among these are L. W. Humphrey, C. H. Brogden, L. J. Moore, our present Solicitor, Hon. W. T. Faircloth of the Supreme Court, Jas. H. Harris, colored, and J. E. O'Hara, colored. It is too difficult to make any prophecy at this early day, but it is beyond question that Col. Humphrey now leads in the race.

The colored troops from Raleigh and New Berne, composing the 4th battalion N. C. S. G. visited here yesterday for the purpose of electing a Lieut. Colonel, and elected Geo. T. Wasson, a colored lawyer of Goldsboro, who figured as counsel for Noah Cherry in the recent Worley murder case. The troops have thus far conducted themselves in a very orderly manner.

NEB.

Standard of the World---And Why?

Yesterday Mr. W. T. Blackwell, the buyer of all the leaf tobacco used by the mammoth establishment of W. T. Blackwell & Co., Durham, N. C, manufacturers of the only genuine Durham Smoking Tobacco, "the standard of the world," paid $1.15 per pound for the leaf in its raw state, at Parrish's Durham Warehouse. This betokens royal smoking for the "boys," and this accounts why it is that "Blackwell's Durham" is the "standard of the world." Mr. Blackwell, from his long and varied experience in tobacco, his large operations and familiarity with it, is too prudent a man to purchase only the "creme de la creme," thus keeping his goods always popular and reliable, and is recognized as one of the very best judges of leaf tobacco in the Southern States.

Something of interest to the Farmers.

We notice among those dealing in Agricultural Implements, Mr. W. A. Myatt, of this city, has a very large stock of plows and points of all descriptions, which he says are going more rapidly this season than ever before. This speaks well for the farming interest. He makes a specialty of the Wilson Cotton Plow, and offers the points cheaper than ever sold before. Farmers will do well to see him when in need of such things. *

Notice to Teachers.

Applications will be received for the position of Principal of the Newbern Academy for the academic year, beginning September 30th, 1878

School rooms, fuel and $600 per annum, in addition to the proceeds arising from tuition, will be offered for the services of a suitable Principal.

Wake County Convention.

The Executive Committee of the Democratic party of the State having called a Convention to meet in Raleigh, on the 12th day of June next, to nominate Judges of the Supreme and Superior Courts, this is to notify the Democrats of the different townships of Wake county, to meet in the city of Raleigh on Saturday, the 1st day of June, to appoint delegates to represent this county in said Convention.

It is hoped that there will be a full attendance. JOS. A. HAYWOOD,

Chairman Ex. Com. of Wake Co.

Grape Wine for Communion.

The superior quality and entire purity of Speer's Port Grape Wine, of New Jersey, and the success that Physicians have had by its use has induced them to write about it, and caused hundreds of others to prescribe it in their practice as the best and most reliable wine to be had. It is held in great favor for evening parties, and for communion purposes. may7t

Wallack's Orchestra.

The orchestra of Wallack's Theatre, New York, is famous for its extraordinary precision. This is due entirely to Thomas Baker, an Englishman, who has conducted it for years. Mr. Baker used to suffer terribly from rheumatism, but now is as supple and nimble as a schoolboy. He ascribes his freedom, as he ought, to Giles' Liniment Iodide Ammonia.

Sold by all druggists. Send for pamphlet.

THE Washington *Post* says, "now that Packard is appointed to a place, every man, woman and child who helped to steal Hayes into the White House have been rewarded, except Bill Chandler and Eliza Pinkston."

THE prospect for a peaceful settlement of the European difficulty is brighter to-day than at any time since the British fleet steamed through the Dardanelles. Russia's million dollars a day expenses are having a wonderfully conciliating effect on the Czar.

"NORTH CAROLINA is a Republican State," says the National Republican, "when the popular voice is untrammeled." This organ of Radicalism has made the same remark before. No doubt the editor has come at last to actually believe it, "like one, who having unto truth, by telling of it, made such a sinner of his memory, to credit his own lie."

WE find in the northern papers a press dispatch, dated Weldon May 6th, giving an account of the riot at that place on Monday. The dispatch says, "a military company was telegraphed for to Norfolk." Can this be true? We have no objection to seeing the Virginia military called upon to preserve the peace in North Carolina, but not until the supply of brickbats gives out, at least.

THERE is an impression in official circles at Washington that the communists have fixed upon the month of June for an uprising. The San Francisco organization having the most desperate chiefs, it is asserted, is likely to lead off. There is no doubt that a good many sensible people in Western cities think there is cause for grave apprehensions, but the law-abiding citizens are not unprepared, and there is an impression at Washington that, while the government may be called on to help to suppress riots, the people will be better prepared for resistance than last year, and will perhaps in some of the Western cities be found ready to take matters in their own hands, and teach the lawless classes such a lesson as they are not likely to forget for a long time.

A NEW Fenian sensation has been sprung. It is positively stated by those who profess to know, that in the event of a war between England and Russia, an invasion of Canada will be attempted by the Fenians. Large numbers of men are organized and drilling nightly in some of the Northern cities. These forces are said to be well armed and equipped with the most improved weapons of warfare, and when the time comes for action they expect to be fully competent to strike a decided blow. The number of Fenians ready to take part in this quixotic scheme, is estimated at from eighty to ninety thousand. If such a movement should be inaugurated it is certain to end as disastrously as the abortive invasion of 1866. The United States government would be compelled, under its existing treaties with Great Britain, to exert its whole power to prevent an invasion of Canada. And, besides, the Dominion is amply able to take care of itself, and repel attack.

THE bill to repeal the tax upon State bank circulation is being very generally endorsed. It is said that not less than a dozen of the most influential Senators have proclaimed themselves in favor of this measure, and some of the leading members of the House have volunteered to champion it when it reaches their branch of Congress. So far none but those interested in national banks have opposed the bill. A Washington correspondent gives this history of the bill:

"Early in the session Senator Butler introduced this bill, and it was referred to the Finance Committee. There the bill slept and, in fact, still sleeps. The Finance Committee chooses to pass final judgment upon questions sometimes, especially when the question is in the shape of a proposition that does not accord with the view of a majority of that committee. After exhausting all his powers of persuasion, and failing to get even an unfavorable report on the bill, Senator Butler got it before the Senate by offering it as an amendment to the substitute for the resumption repeal bill. In this shape the proposition now comes before the Senate with every promise of favorable action."

Communistic Movements.

The National Convention in Philadelphia this week is attracting widespread attention. In an article in the N. Y. *World*, the main points of which are here indicated, first attention is directed "to the progress of communism, and though we hesitate to believe that the agitation of the labor question has yet become as formidable as the space it occupies in the press would indicate, there must no doubt be some soap where there is so much lather. It is plain that there is a party full of the determination and the enthusiasm born of some serious wrongs and of not a few dangerous delusions. In America as in Europe honest workmen are mingled in this movement with headlong fanatics, ambitious demagogues and unscrupulous adventurers to form an inchoate political organization capable of much mischief if not wisely dealt with. The time will come when the different elements of this party, getting more familiar with each other's characteristics and aims, will revolt from their present alliance, but the honest, industrious and conservative mechanics who now constitute the strength of the labor movement may not then be able to control the fierce spirit of revolution. In California, where the crusade against the importation or immigration of Chinese laborers first formed the nucleus of the labor party, signs of disintegration are already manifest.

The stories of communistic movements in St. Louis have recently been as sensational as those from the Pacific slope, but thus far they seem to have slighter foundation. At Indianapolis there has been an intermittent labor agitation for some years. In 1874 the city came partly under a labor-reform government, and a working-man's paper flourished during that time, which was conducted with some ability and integrity until its editor was forced to sell its influence in the hope of keeping it running, and so ruined it. The old organization has now passed away, and nothing remains but a "Socialistic Labor party," composed of about one hundred and fifty members, who meet over one of the most notorious saloons in the city.

In Chicago, municipal debt and mismanagement have driven the people into a sort of desperate cynicism, and those who watch the working of similar causes in New York will be inclined to believe that there may be some truth in the stories told of the growth of communism in that city and of the belligerent spirit which it manifests. In several other large towns between Chicago and New York there are undeniable symptoms of a growing spirit of social discontent, but nothing has lately occurred in them worthy of special mention. As to the advance of communism in New York, the proceedings of the convention at Masonic Hall and the circulation of revolutionary broadsides printed on red paper show that the movement is driven on by a wild zeal which only lacks a due admixture of discretion to make it formidable.

Says the *World*, Perhaps, however, the most significant event in the agitation of the labor question has taken place in New England, in the great procession of mill operatives at Fall River last week. The recent disclosures of the frauds in the management of the mills in that place, taken in connection with the reduction of wages, have fired the whole working population with a not inexcusable indignation, and they turned out on Saturday to the number, it is said, of 20,000. The demonstration was quietly conducted, though the Mayor, in anticipation of possible disorder, had secured the aid of about half the detective police force of the State, and the officers, dressed in citizen's clothes, were scattered among the crowd. A study of the various mottoes displayed along the line of the procession reveals certain tendencies towards a solution of the problem of the distribution of wealth other than the old-fashioned one which was so popular with the working-men some years ago, of "an honest day's wages for an honest day's work." On one banner was the phrase, "If cheap labor be "the basis of prosperity, why is China "not the head of civilization?" On another was the motto, "A "rich man means much labor never paid for." This brief platform was given on another: "Eight hours; and greenbacks for money; no more bonds; free land with Government aid; land thieves and Shylocks, railroad men and cotton kings, disgorge your plunder!" A fourth bore the more ominous legend: "Reform saved England from Revolution; Revolution saved France from ruin. Which are we to have, Reform or Revolution?" Such sentiments, the paper from which we quote goes on to say, as these, emblazoned among cartoons favoring the eight-hour system, ridiculing absconding treasurers and bank presidents, or protesting against the slavery of labor, shone among the rough, homely caricatures, the personal attacks on mill-owners and the demands for specific redress, with a cold glitter like the gleam of a stiletto amid the rags of an Italian bravo.

THE municipal election in this city on Monday was, notwithstanding the little noise made over it, one of the most important and significant local contests which has taken place in this State since the war. There existed some dissatisfaction with the city government; disorganizers and bolters were busy; chronic soreheads came to the front, believing that the day of jubilee was about to dawn for them; and a number of selfish schemers, cloaking their designs under the thin disguise of patriotism, were active and energetic. Independent tickets were placed in the field, and for awhile it looked as if the bolters would carry the day. The Democratic party held meetings in the various wards and nominated good men for Aldermen, and then went quietly to work. When the polls were closed the regular Democratic nominees had triumphed over the independents in every instance. Not a single one of the latter class of patriots was elected. It must be observed that the independents were supported by the solid Republican vote in combination with a few disappointed Democrats. Fortunately for the party and for the city, there were not enough of the latter to elect the independents. And the Democratic success was due to the fact that the men who constitute the party in this city were loyal to the organization and its nominees. Like good and true men they bowed to the will of their party, sacrificing willingly their personal likes and dislikes; and in consequence they have the gratification of seeing the city government delivered now for another year into good hands. What is true as to a local election is true as to a county, or State, or national election. The same principles govern in each. The same course leads to similar results. In every case, the only hope of victory must be found in the loyalty of Democrats to their party organization. By this only can the permanence of the Democratic party be assured.

STATE NEWS.

Halifax Court is in session, Judge Seymour presiding. There is only one criminal case of any importance—a murder case, the trial of which will take place Friday.

Pethel, who is charged with poisoning his wife, has had his case removed from Rowan to Iredell Superior Court. He will be tried during the second week of June.

New Nerne Nut Shell: The extensive saw mill of Dr. D. H. Abbott at Vandemere in Pamlico county, was totally destroyed by fire on Sunday night. Loss about $6,000, no insurance.

Charlotte Observer. Cleaveland county convention declared unanimously for Gen. Vance for Congress; Maj. W. J. Montgomery for Solicitor, and Capt. J. W. Gidney for State Senator.

Wilmington Review: It is generally thought that there will two regattas in the river before the one in July, by the Carolina Yachts Club. Four yacht have already been promised for the race and it is likely others will be entered before the first one takes place.

Wilmington Review: Capt. C. T. Iadella, of the U. S. service, will survey the fortifications at the mouth of the river and will also make a survey of New Inlet. The work will be commenced in a few days and rapidly pushed until completed.

Charlotte Observer: Yesterday morning two white men became involved in a difficulty on the line of the Western North Carolina Railroad, near Salisbury, when one inflicted upon the other two stabs with a knife—one in the bowels and the other under the arm—from the effects of which the wounded man shortly died.

Wilmington Star: A furious storm of wind, rain and hail, accompanied by thunder and lightning, passed over this city and vicinity on Sunday morning—— Between Henry Batson's and Holly Shelter, in Grant Township, Pender county, for the space of a mile, a furious tornado swept through the woods and hardly left a tree standing, its range being about a half mile in width.

A Curious Religious Rumor.

The New Orleans *Picayune* of a recent date contained the following curious statement: "Rev. Dr. Riley, Bishop-elect to have jurisdiction in Mexico, has lately passed through New-Orleans on his way to the scene of his labors. He reports a wonderful awakening among the Roman Catholics of Mexico, with an extensive reformation—a return from Romanism to a true and pure Catholicism. Seventy-one congregations have latterly abandoned their allegiance to Rome. They have secured some of the finest church buildings in Mexico, and have put themselves abreast with the Old Catholic movement in Europe. This effort is to reproduce the English Reformation and restore the lost nationality of their ancient Catholic Church. They make use of the old Spanish liturgy known at the Mozarabic, which dates back to early Christian centuries. This liturgy accords not at all with modern Romanism, but belongs to the same family with the prayer-book of the Church of England and of the Protestant Episcopal Church of this country. Dr. Riley goes as a representative of the Protestant Episcopal Church, but as he can desire no better progress than this return to a pure and original Catholicity, he waits the development of the Mexican Old Catholic movement, when his own work and that of the restored Catholic Church will be one."

The British naval force in the Pacific is exceedingly weak. While *The Pall Mall* questions whether Russia by breaking through the Declaration of Paris can do English commerce much harm out of the Pacific, it concedes that there unfortunately the Government seems even yet scarcely alive to the exigencies of the occasion. The Triumph, though an ironclad, is a poor substitute for the Shah, and other vessels are being sent to the Pacific stations. It is claimed that, apart altogether from the value of Vancouver's Island, its harbors and coal, the British squadrons in the Pacific are far too weak for the interests they to protect. Any heavy loss there, though it could not of course have much effect on the main issue of a war, would be singularly damaging to British prestige in those seas.

A meeting of colored men was held in Washigton Saturday, to consider a proposition to go to South America to work on the Madeera and Mamore Railroad. About sixty laborers were secured. They are to have their expenses paid to Brazil and return, and are to receive $1.50 per day.

The Common Enemy.

In order to make headway against the common enemy, Disease, it is necessary to oppose him with persistence. It very frequently happens that a remedy perfectly adequate to the necessities of the case, if persisted in, is condemned and thrown aside because a few doses of it do not cure a malady. How unreasonable and unjust would such a judgment be regarding Hostetter's Stomach Bitters, one of the most popular and highly sanctioned medicines of the day, a potent invigorant and an invariably successful remedy for constipation, dyspepsia, liver complaint, incipient rheumatism and gout, inactivity and weakness of the kidneys and bladder, and for the infirmities incident to the decline of life. No fact is better established than the above, yet in order to experience its truth those afflicted with obstinate forms of disease should give this benignant curative a patient trial. If they do, they may rely upon decisive curative results.

LEE'S PREPARED AGRICULTURAL LIME.

To The Cotton Growers of North Carolina.

The Commissioner of Agriculture having decided that I cannot have an Agency in your State for the sale of this cheap and valuable fertilizer, without paying a tax of $ 00—which I cannot do without materially advancing the price, I solicit your orders for it, which will be promptly filled on the following terms on board cars in Richmond:

$12 Per Ton Cash, or $15 Per

TON for an approved acceptance on Raleigh, Charlotte, Wilmington, Petersburg, Norfolk, or Richmond, payable on the 1st of November next, or at 8 months from date.

I respectfully refer you to Messrs. J. J. Thomas, Raleigh; J. W. O'Neil, Clayton and others who sold it last spring, and to the various farmers who used it, who say it makes as much cotton as fertilizers costing 3 or 4 times as much. Address,

I have tried the Xanthine, and found it to be all it claims in restoring hair to its natural color and removing dandruff. W. W. BENNETT.

(From Rev. Mr. Cameron, Minister of the Presbyterian Church South.)

MOSSY CREEK, Tenn., August 22, 1876.

Xanthine Co., Richmond, Va.:

I have used one Xanthine now for three years, and have induced others to try it, and have never known it to fail in accomplishing all you claim for it. It is an excellent tonic a pleasant dressing, removing and preventing dandruff and all unpleasant itching, promoting and preserving the natural growth and color of the hair, and rendering it glossy and pliable. I confidently, cheerfully and knowingly recommend it.

LOCAL BRIEFS.

——A drummer's license has been issued to Claflin & Thayer, of Boston, Mass.

——No cases were tried in the Mayor's Court yesterday. The city is even more than ordinarily quiet.

——The Governor has appointed John C. Orr a Commissioner of Affidavits for this State, resident at Columbus, Ind.

——The Chief Marshal requests all organizations to be ready to take their position in the procession to-morrow, at 4 o'clock p. m.

——The full Democratic ticket was elected in Fayetteville at their municipal election. The election in Charlotte was exceedingly exciting.

——The gentlemen of the law school has made arrangements to take all the ladies to the hop this evening, should it rain, in the large omnibus.

——Dr. Geo. W. Graham went down to Kittrell's yesterday and there met about a dozen of the pupils of the Oxford Orphan Asylum, whose eyes or ears needed treatment, and who came there by appointment.

——A meeting of the Board of Aldermen was to have been held last evening, but there being no quorum the members present adjourned until Monday evening. At that time a Clerk, Chief of Police, and probably other city officers, will be elected.

——Our city still continues to improve. New buildings are rising every where. The Fifth Ward is ahead in both number and style of edifices. It may be asserted as a fact that no city in the South grows so fast as Raleigh. The hard times depress us not, and we steadily progress.

——Cannot at least the afternoon of Memorial Day be observed as a general holiday in our city? In other places it is observed almost religiously, with closed stores and general suspension of business. We are too careless here, too unobservant of these occasions, and we must expect to be, as we are, reproached for it. People always think of these omissions of respect, even if they are are too charitable to speak of them.

Agricultural.

Some magnificent specimens of wheat were sent yesterday to the Department of Agriculture by Maj. R. S. Tucker. The variety is the "Canada Winter Wheat." It was planted last autumn, and cut on the 8th May. The stalks are 4½ feet high, and the heads well developed and luxuriant. No fertilizer was used on the land.

Col. Hicks, Superintendent of the Penitentiary, sends specimens of wheat, fine in appearance, the stalks large and the heads full. It is 5 feet high.

The grain crops are more forward this year than ever before known, and every indication thus far, points to a most successful year.

Penitentiary Recruits.

Sheriff N. M. Wilson, of Yancey county, brought down Marion Bird, convicted of larceny, and sentenced to two years' imprisonment; and John Baker, convicted of assault with intent to commit rape, and sentenced to ten years' imprisonment.

Sheriff D. A. Grantham, of Wayne, turned over to the authorities Jesse Reed, colored, convicted of manslaughter, and sentenced for two years.

Sheriff Joseph Brittain, of Burke, has delivered to the authorities of the W. N. C. Railway, at Henry's, one Ashley Droughton, guilty of larceny, and sentenced to imprisonment for five years. He will take a hand in the work of internal improvement.

Pardoned.

The Governor has pardoned Samuel Clark, colored, convicted of larceny at the Spring Term, 1875, of Davidson Superior Court, and sentenced to 5 years' imprisonment. The pardon was granted on recommendation of the Judge, after 3 years' imprisonment.

A pardon was also issued to William Holder convicted of fornication and adultery at the Spring Term, 1878, of Harnett Superior Court. He was sentenced to 30 days' imprisonment in jail. He was pardoned on condition that he pay the costs, and because he has married the woman.

For Valor.

In the Register's office in the Court House is a record of a grant to Capt. John Madearis, of the Continental Line, of 3,840 acres of land in Davidson county. This was given him for his signal bravery in the war of the Revolution. The paper is signed by Gov. Richard Dobbs Speight, at the then Capitol at New Berne, and is dated 1793.

Peace Institute.

The Commencement exercises of this Institution will be held June 19th and 20th. The annual address will be delivered by Rev. G. R. Brackett, of Charleston, S. C., on the evening of the 19th. The concert will be given on the evening of the 20th.

The Hop this Evening.

The members of Judge Strong's Law Class will give a hop at the Yarbrough this evening, complimentary to the young ladies of our city. The managers are Messrs. F. G. James, Matt. W. Ransom, Jr., and G. E. Leach. The affair will be pleasant, and the attendance large.

Death.

The wife of Mr. J. M. Moore, living in Little River Township, died after a lengthy illness, on Tuesday night. She was formerly the wife of a Mr. Proctor, was well known in our city and had a large number of friends in the county.

The Methodist Pic-Nic.

At 7.30 A. M. yesterday the teachers and scholars of the Edenton street Methodist Church Sabbath School, accompanied by a very large number of paying participants, left the Raleigh & Gaston Depot for Kittrell's. The occasion was the annual pic-nic, of the school. The number who left the city was about 600. The entire party were under charge of Mr. J. S. Wynne, Chief Marshal. The trip to Kittrell's was made safely and that place reached about 9.30. On arrival the party marched down to the springs. There the elegant buildings were thrown open, while the beautiful lawn and shaded walks were inviting and refreshing. In the large dining hall of the former hotel the tables for the dinner were spread. The scholars amused themselves and entertained listeners by some choice songs, admirably rendered. An organ was taken by the school, and added its share to the musical part of the entertainment. The Oak City brass band accompanied the party, and gave many musical selections in good style. Short addresses were made by Rev. W. C. Norman, pastor of Person street Church, and also by Rev. N. M. Jurney, formerly pastor there.

The day was spent in a delightful, informal manner, to the enjoyment of all present. Quite a number of residents of the neighborhood were present.

When the dinner hour arrived the party partook of a bountiful repast, furnished by careful and tender hands. All ate, drank and were merry, to their hearts' content. Not a single unpleasant incident occurred to mar the joyousness of the occasion, and in the afternoon all returned, fatigued yet happy. The officers as well as the pupils of the school are worthy of special mention, the former for their urbanity and attention, the latter for their good behavior. All returned with naught but pleasant memories of the day's outing.

Accident.

A day or so since a gentleman of our city was visiting a gentleman residing in the suburbs, and became desirous of exhibiting his proficiency in horsemanship. Accordingly he mounted a steed and started off in slow time. After riding some half mile from the house, he desired to return, so turned the horse's head homeward. The animal concluded to make the return trip in quick time, and started off like a comet. By some mischance the feet of the caballero lost their hold in the stirrups, so his legs hung down, while the stirrups beat furiously upon the sides of the flying steed, as he went at highest speed towards home. Still the horseman, with admirable grace, retained his seat, and all would have gone well but for an unlucky occurrence. Near the house is a bridge, and beyond this was a muddy pool in the road. Arrived at the bridge, going at meteoric speed, the beast came to an instantaneous halt. The consequences may be imagined. Lookers-on say that the parabolic curve, with its highest point far up in the blue ether, described by the erewhile equestrian, was beautiful. The results of the sudden drop were not quite so pleasant, for, landing full in the pool, the gentleman was well bedaubed and had his collar bone broken at one and the same time. He was carried to the house of his friend, and tenderly cared for. A physician was sent for, who adjusted the dislocated portion of his anatomy. He is now on the road to a rapid recovery, and will always look only on the funny side of the occurrence, and upon his practical illustration of a naturally philosophic truth.

Memorial Day---The Programme of Exercises.

At 4 o'clock P. M., the procession will be formed on Fayetteville street, in front of the Yarborough House, the Raleigh Light Infantry holding the right, and in the order named below, will move up Fayetteville to Morgan street, from Morgan to Wilmington, Wilmington to Newbern Avenue, up Newbern Avenue to Blount, up Blount to North, thence to the Cemetery.

Swain Street Baptist Sunday School.

The teachers and scholars of this school went a maying yesterday at Rand's Mill, near the city. The mode of transportation was by vehicles of all descriptions. The party left at an early hour, and were in high spirits, as they wended their way through our streets. They were met at the mill by a number of residents of the neighborhood, who were also pic-nicing. The day was pleasantly spent by all, and not marred by an unpleasant incident.

Off for New Berne.

His Excellency Gov. Vance, accompanied by Adjutant Gen. Johnstone Jones, leaves this morning for New Berne. He delivers an address this evening, for the benefit of Co's B. and C. of the First Regiment. On Friday he delivers the Memorial Address at the Decoration of the graves of Confederate dead.

Once Again.

Mr. L. Rosenthal appears in another column with inducements that cannot be surpassed. He has suits of Scotch Cheviot at $17.50; how high is that? Then again, he can furnish a suit from $6 to $50. Dry goods of all kinds and prices. Be sure and call on our friend "Rosie" when you need ready-made clothing.

Bolting Cloths, Mill Picks, Mill Stones, as low as any house in the New York or Baltimore. Julius, Lewis & Co., Hardware Merchants, Raleigh, N. C.

At P. C. Walker's saloon, under the Yarbrough House, the best of things drinkable are ever to be had, delicious punches, cobblers, juleps, and other beverages.

The Military Excursion.

The Oak City Blues and Oberlin Vance Guards, two of the colored military organizations of our city, returned from their visit to Goldsboro yesterday. The object of their visit was to participate in the target practice for prizes. The first prize was won by Corporal Vick, and the second by private Williams, both of the Blues. There were five companies present, two from New-Berne, one from Goldsboro and two from this city. The total strength of the battalion present was about 200.

The election for field officers of the 5th Battalion of Infantry, N. C. S. G., as prescribed in general orders from State Headquarters, was held, and Geo. T. Wassom, of Goldsboro, was elected Lt. Colonel, while Allen G. Oden, of New-Berne, was re-elected Major.

The behavior and discipline of the men was excellent, and the officers on dismissing their commands yesterday, took occasion to pay their men a compliment for their soldierly bearing. From reports made by the officers here, we learn that the men were under perfect control, and that all were sober and well-behaved. The ceremonies in Goldsboro concluded with a dress parade of the Battalion, which was conducted in good style.

The Board of Commissioners.

The Board, by appointment, met the following gentlemen from the county, to arrange a uniform rate of taxation of personal property: Buckhorn township, D H Gardner; Barton's Creek, R W Wynne; Cary, J P H Russ; Cedar Fork, Ransom O'Brien; House's Creek, B A Perry; Little River, P P Pace; Mark's Creek, H A Rhodes; Middle Creek, Lynn Stephens; Neuse River, Barnard Abt; New Light, J O Harrison; Panther Branch, James Adams; St. Matthew's, N B Williams; Swift Creek, B D Pleasants; White Oak, A C Council; Raleigh, A Magnin. The above named are appointed Assessors, with J P Chandler, Oak Grove; J G Andrews, St. Mary's, and H T Jones, Wake Forest.

A uniform scale was agreed upon.

A. Magnin, of this township, asked that he be authorized to adopt measures to make the valuation of real estate more uniform.

Sundry orders were issued for various purposes.

The Board then adjourned to meet today, when they will settle in full with the Sheriff on account of taxes of 1877, and with the Treasurer, as to the School monies disbursed by him during the past six months.

The City Government.

Yesterday was the first day's service of the new city government. Things flow on smoothly, the public rejoice at the results of the contest, so assuring to every true Democrat. Our new Board of Aldermen, men of integrity and sound common sense, have the people's confidence. The appreciation by all of the efforts of our Mayor, so properly re-elected, is evinced by the vote he received. Irrespective of parties and politics he received the unanimous vote of the Board. A striking evidence of their belief in his fitness for the position was given by this vote. What we need are officials who, scorning all things personal or political, know but the straight path of duty. All city governments are capable of reform and improvement, and of course ours is no exception to the rule. So all should go to work to keep us moving on in a course of good government, and there can be no question that this will be done. Winning our honors fairly and nobly, let us wear them gracefully.

A Fall From a Tree.

Mr. K. B. Waitt, one of our venerable citizens, while engaged in sawing off a limb from a tree at his residence on east Hargett street, by some mishap lost his hold, and fell to the ground, a distance of some fifteen feet. As he started to fall he grasped at a limb, and this alone prevented his falling on his head, as it turned him sidewise, so that he struck the ground that way. He was at once taken in the house, and Drs. Hines and Little sent for. These upon examination found that no bones were broken but he may be injured internally. In the evening he appeared to be better, and is hoped will soon be well again.

Shoo Fly!

If you do not wish to be troubled with flies while taking your meals or a nap, stop in at Brewster's and purchase a FLY FAN, with or without flower vase attachment, one of the most useful articles in the market, and very ornamental. The Fan is no humbug, it is all that is claimed for it. Those who have purchased would not be without them for double the price. Hardware, stoves, tin-ware, paints, oils, varnish, glass and putty. The improved Howe sewing machine; machines repaired and parts of machines always on hand. Howe's improved Scale a specialty. J. C. Brewster, Holleman Building. *

SPARKLING CATAWBA SPRINGS,

Catawba County, N. C.

THIS desirable watering place will be open for select visitors 27th May, 1878. The Springs are situated near Hickory Station, on the Western North Carolina Railroad.

The bracing mountain atmosphere, with the health restoring properties of their waters, renders these Springs a most desirable resort for invalids and pleasure seekers.

The mineral waters embrace Blue and White sulphur and Chalybeate. It is the best and most extensively used up watering place in the State, and can accommodate three hundred persons.

A good Band of Music will remain at the Springs during the season, and all the facilities afforded for amusements usually found at first-class watering places will be offered to visitors. A good supply of ice constantly on hand.

Conveyances will meet the trains daily at Hickory Station, to convey visitors to the Springs.

Board: $35 per month of 28 days; $12 per week; $2 per day. Half price for children and colored servants, and liberal deduction for families.

DR. E. O. ELLIOTT.

The Reason

Why our trade is constantly increasing in these dull times is that we always keep a full and complete stock of

Everything in the Grocery Line.

We keep the Best Goods, and sell them for a small profit.

We deliver goods promptly in any part of the city, and guarantee the quality and price of everything we sell.

We fill orders carefully, AVOID MISTAKES as far as possible, and cheerfully correct any that may occur.

DRY GOODS.

Good Morning.

The latest news by Telephone, the great American through line, no time to stop at way stations.

New Goods Received at

CREECH'S

BY EVERY TRAIN.

I am now receiving my Spring Stock bought within the last ten days in a depressed market after the rush of business was over and goods had fallen. In fact I bought them at hard run and panic prices, and can safely say that never in the history of the dry goods business have I been better prepared to sell good so uniformly cheap. And so as to give my customers a bird's eye view, I will quote a few prices:

50,000 Yards

NEW AND HANDSOME

SPRING PRINTS,

From 5 to 7 cents.

10,000 Yards New and handsome

PRINTED UNION LAWNS,

At 10 cents, worth 15 cents;

10,000 YARDS PRINTED CORDED LAWNS at 10 cents, cheap at 15 cents;

5,000 yards Solid French Grenadine at 7½ cents, cost 20 cents to import;

5,000 yards Poplin Lustres, new and handsome shades, at 5 cents, worth 15 cents.

New and handsome styles of finer Dress Goods at correspondingly low prices. Three yards White Corded Pique for 30 cents, and one yard thrown in extra; 3 pair White Hose for 25 cents, and one pair thrown in extra; Ladies Embroidered Collars at 5 cents each, ought to bring 15 cents; plain Collars, 3 for 10 cents, and one thrown in extra; Ladies Cloth Gaiters, to arrive in a few days, at 50 cents. These prices ought to unwrap the string from around the panic stricken purses, and come to Creech's.
